ISCTE– EMCDDA SUMMER SCHOOL: 2–13 JULY 2012, LISBON

Registration opens for European summer school on illicit drugs

(15.12.2011, LISBON) The Lisbon-based *Instituto Superior das Ciências do Trabalho e da Empresa* (ISCTE) and the **EU drugs agency (EMCDDA)** are currently collaborating on a summer school programme entitled: 'Illicit drugs in Europe: supply, demand and public policies'. Registration opens today for the course which will take place in Lisbon from 2–13 July 2012.

During the two-week course, EMCDDA scientific experts, ISCTE-professors and policymakers, will prepare participants to meet the complex policy challenges in this field, by providing a multi-disciplinary and inclusive approach to the study of the drug problem, both in Europe and beyond.

Week 1 of the summer school focuses on 'Defining the problems' and will feature lectures on 'Problem drug use in Europe', 'Drug supply in Europe' and 'Detecting new drugs'.

Week 2 explores 'Understanding drug policies and interventions' with lectures on '(Inter)national drug policies', 'Preventing drug use' and 'Harm reduction' and 'Prison health'.

The target audiences for the summer school are university students (undergraduate and graduate), researchers, professionals and administrators interested or working in the drugs field.

ECTS credits will be given for the courses and students can transfer credits to other European universities using the ECTS-system.
