

## Psychoactive substances abuse prevention project evaluation form

Name of the organization responsible for the project  
implementation \_\_\_\_\_

Title of the project \_\_\_\_\_

Name of institution funding for the implementation of the project  
\_\_\_\_\_

<i>Evaluation criteria</i>		<i>Value</i>
<b>1. Project content (scale 0-26)</b>		
Overall objective	Is the overall objective(s) formulated clear? <b>(value 0-2)</b>	
Specific objectives	Are the specific objectives concrete and realistic, which helped to achieve the overall objective? <b>(value 0-2)</b>	
Designed and achieved results	Are the designed results concrete and related with the actions of the project? <b>(value 0-2)</b>	
	Do the achieved results show that the overall objective was obtained? <b>(value 0-2)</b>	
Project actions	Do the project actions solve the problems described in need assessment? <b>(value 0-2)</b>	
Methods	Were the project methods correctly chosen for the implementation of the actions? <b>(value 0-2)</b>	
	Were the prevention methods effective? <b>(value 0-2)</b>	
	Did all chosen methods allow achieving designed results? <b>(value 0-2)</b>	
Basic assumptions/theory	Is the chosen basic assumptions/theory valid for the implementation of the project? <b>(value 0-2)</b>	
	Were the specific objectives implemented in accordance with the basic assumptions/theory? <b>(value 0-2)</b>	
Evaluation	Has evaluation been carried out? <b>(value 0-2)</b>	
	Are the results described as well as quantitative and qualitative changes? <b>(value 0-2)</b>	
	Are the evaluation criteria formulated clear in order to assess the effectiveness of the project? <b>(value 0-2)</b>	
<b>Subtotal value:</b>		
<b>2. Planning (scale 0-10 balai)</b>		
Competence of the project staff	Was the competence of the project staff sufficient for the implementation of the intervention for target group? <b>(value 0-2)</b>	
Project partners	Were the partners involved in the project implementation? <b>(value 0-1)</b>	
Project continuation	Are the project actions continuous? <b>(value 0-2)</b>	
	Is the necessity of the project continuation valid? <b>(value 0-1)</b>	
Project actions plan and intensity	Are the implemented actions planned logically? <b>(value 0-2)</b>	
	Did the intensity of the actions help to obtain positive results achieving the overall objective? <b>(value 0-2)</b>	
<b>Subtotal value:</b>		

<b>3. Target group (scale 0-8)</b>		
Identification of the final target group and motivation to participate in the project	Is the final target group identified? ( <b>value 0-1</b> )	
	Were concrete measures and actions foreseen for the motivating target group to participate in the project? ( <b>value 0-2</b> )	
	Was the created setting (environment) attractive for the chosen target group? ( <b>value 0-2</b> )	
Identification of the intermediate target group	Is the intermediate target group identified (the number of persons and their competence)? ( <b>value 0-1</b> )	
Initial situation/need assessment	Does the presented initial situation reflect the main problem and designed changes after implementation of the project? ( <b>value 0-2</b> )	
<b>Subtotal value:</b>		
<b>4. Evaluation (scale 0-16)</b>		
Evaluation criteria	Are the impact evaluation criteria clear formulated and measurable seeking to assess whether the project overall objective was achieved? ( <b>value 0-2</b> )	
	Are the outcome evaluation criteria clear formulated and measurable seeking to assess whether the project objectives were implemented effectively? ( <b>value 0-2</b> )	
	Are the output criteria clear formulated and measurable seeking to assess the actions of the project? ( <b>value 0-2</b> )	
Evaluation type	Are the human resources and their competence sufficient for the inside evaluation? ( <b>value 0-1</b> )	
	Are the human resources and their competence sufficient for the outside evaluation? ( <b>value 0-1</b> )	
	Are the evaluation instruments right / suitable? ( <b>value 0-2</b> )	
Evaluation results	Are the impact criteria described / presented? ( <b>value 0-2</b> )	
	Are the outcome criteria described / presented? ( <b>value 0-2</b> )	
	Are the output criteria described / presented? ( <b>value 0-2</b> )	
<b>Subtotal value:</b>		
<b>TOTAL SCORE (0-60):</b>		

<b>Committee member comments on the project of value (weak and strong aspects):</b>
<b>Weak aspects of the project:</b>
<b>Strong aspects of the project:</b>
