About this report

This report presents the top-level overview of the drug phenomenon in Greece, covering drug supply, use and public health problems as well as drug policy and responses. The statistical data reported relate to 2016 (or most recent year) and are provided to the EMCDDA by the national focal point, unless stated otherwise.

This interactive version of the Country Drug Report is presented in sections. If you would like a print-out of the complete report, a PDF is available in the Publications database. [45]

Partners

About our partner in Greece

The Greek national focal point is located within the University Mental Health Research Institute and operates as the National Centre of Documentation and Information on Drugs. The national focal point operates on the basis of a three-year contract with the Ministry of Health and collaborates with OKANA (the Greek Organisation Against Drugs). Overall, the national focal point deals with drug-related issues in the field of epidemiology and responses, and is given a mandate beyond the implementation of EMCDDA-related activities. Its responsibilities also include monitoring alcohol use and related problems, and drafting the Greek National report on drugs, the annual Greek bibliography on drugs and alcohol, and other alcohol-related assignments.

University Mental Health Research Institute
Soranou tou Efesiou, 2
(PO Box 66 517)
