Romania

Country Drug Report 2018

National drug strategy and coordination [31]

What are the long-term aims of drug policy in Romania? How are these aims to be achieved? How is drug policy coordinated at national level?

Learn more [31]
Public expenditure [32]
Understanding the costs of drug-related actions is an important aspect of policy evaluation.

Learn more [32]
Drug laws and drug law offences [33]

What substances and activities does Romania control under its drug laws? What are the penalties for offences? How are new psychoactive substances controlled?

Learn more [33]
Drug use [34]

How many people in Romania have ever used drugs? What drugs have they used? How many have used drugs recently? How many are using drugs in highly risky ways?

Learn more [34]
Drug harms [35]

What are the main infectious diseases linked to drug injecting in Romania? How many died of drug overdose in the last year? How many drug-related medical emergencies occurred?

Learn more [35]
Prevention [36]

What part does prevention play in Romania's drug strategy. What are the main prevention approaches used in the country and who do they target?

Learn more [36]
Harm reduction [37]

How does Romania measure in terms of provision of needle and syringe programmes, peer naloxone programmes, supervised drug consumption rooms and heroin-assisted treatment.

Learn more [37]
Treatment [38]

How is the drug treatment system organised in Romania? How is it financed? How is the provision of treatment divided between inpatient and outpatient settings?

Learn more [38]
Drug use and responses in prison [39]

Which authorities are responsible for prison health in Romania? What forms of drug treatment and harm reduction are provided in prisons, and how widely?

Learn more [39]
Quality assurance [40]

What is done in Romania to ensure that the prevention and treatment interventions used are effective and provide a good return on public expenditure?

Learn more [40]
Drug-related research [41]
In which areas of study is drug-related research carried out in Romania? How is this research funded? Are any types of research emphasised in the national drug strategy?

Learn more [41]
Drug markets [42]

What is known about drug supply and trafficking in Romania? How pure or strong are the drugs available? What do they cost? What are the main aims of supply reduction efforts?

About this report

This report presents the top-level overview of the drug phenomenon in Romania, covering drug supply, use and public health problems as well as drug policy and responses. The statistical data reported relate to 2016 (or most recent year) and are provided to the EMCDDA by the national focal point, unless stated otherwise.

This interactive version of the Country Drug Report is presented in sections. If you would like a print-out of the complete report, a PDF is available in the Publications database. [45]

Partners

About our partner in Romania

The Romanian national focal point is a unit within the National Anti-Drug Agency under the remit of the Ministry of Internal Affairs. The director of the Agency acts as the national coordinator on drugs in Romania. The director is responsible for coordinating the drafting of the national drugs strategy and related action plans and acts for their application. The director also has the responsibility of ensuring compliance with the international conventions and agreements to which Romania is party and proposes to the Government, through the Ministry of Internal Affairs, measures regarding the fulfilment of the obligations arising from these international documents.
