National Anti-Drug Action Plan, 2015

4. Anti-Drug Counselling Units

<p><b>Aim:</b> To establish rehabilitation centres for people that would like to take measures for themselves and their relatives, drug users, addicts (having deprivation and willing to stop using) and their relatives, and to develop necessary algorithms.</p>			
<p><b>Objective:</b></p> <ol style="list-style-type: none"> <li>1. To ensure new units would serve as a bridge between community and public institutions for all stages of anti-drug activities.</li> <li>2. To ensure easy access to services delivered by new units established for assisting anti-drug activities.</li> <li>3. To complete all applications to units by informing the responsible authorities.</li> </ol>			
Strategies	Activities	Responsible Institution(s)	Institution(s) for cooperation
<p>1. To establish a <b>“Drug Addiction Helpline”</b> operational 24 hours 7 days and managed by professionals</p>	<p>1.1. To provide online help services through audio calls, video talk and instant messaging anonymously (except for the people referred to treatment and those that received an appointment).</p> <p>1.2. To establish a system for call centre personnel to answer questions received via SMS, e-mail or social media.</p> <p>1.3. To refer people that would like to receive treatment due to drug addiction to Family Physician, Psychiatry Polyclinic, Outpatient and inpatient treatment centres.</p> <p>1.4. To link people in post treatment and recovery period with social adaptation programmes.</p>	<p>Ministry of Health</p>	<ol style="list-style-type: none"> <li>1. Ministry of Justice</li> <li>2. Ministry of Family and Social Policies</li> <li>3. Ministry of Interior</li> <li>4. Turkish Employment Agency</li> <li>5. Turkish Green Crescent Society</li> </ol>

National Anti-Drug Action Plan, 2015

5. To strengthen drug addiction treatment mechanisms

<b>Aim:</b> To facilitate access to drug addiction treatment services, and to increase success of treatments by strengthening treatment mechanisms.			
<b>Objective:</b>			
<ol style="list-style-type: none"> <li>1. To ensure training of health personnel taking part in drug addiction treatment</li> <li>2. To define inpatient and outpatient treatment algorithms for drug addicts</li> </ol>			
Strategies	Activities	Responsible Institution(s)	Institution(s) for cooperation
<ol style="list-style-type: none"> <li>1. To ensure family medicine centres play an active role in anti-drug activities and to include these activities as positive performance criteria</li> </ol>	<ol style="list-style-type: none"> <li>1. To build technical capacity among family physicians for early diagnosis, psychosocial treatment support for people with low level of addiction, and for right referral when needed.               <ol style="list-style-type: none"> <li>1.1. To revise family medicine training module in line with anti-drug policies and to encourage all family physicians to receive distance learning module,</li> <li>1.2. To start with volunteer family physicians in high risk areas and to ensure at least 10% of all family physicians receive theoretical and on-site trainings every year</li> <li>1.3. To ensure all health professionals (midwives, nurses, health officers, etc.) receive basic training on drug addiction.</li> </ol> </li> </ol>		<ol style="list-style-type: none"> <li>1. Ministry of Family and Social Policies</li> <li>2. Turkish Green Crescent</li> <li>3. Ministry of Interior</li> </ol>
<ol style="list-style-type: none"> <li>2. To strengthen the capacity of psychiatry polyclinics for more active role in treatment of drug addicts</li> </ol>	<ol style="list-style-type: none"> <li>2.1 To make an assessment of psychiatry clinics of Outpatient Treatment Centres and to increase the available bed</li> </ol>	Ministry of Health	<ol style="list-style-type: none"> <li>1. Ministry of Family and Social Policies</li> <li>2. Turkish Green Crescent</li> <li>3. Ministry of Interior</li> </ol>

National Anti-Drug Action Plan, 2015

	<p>capacity to dedicate 20% for drug addiction treatment.</p> <p>2.2 To gradually increase the number of child and adolescent psychiatrists</p> <p>2.3 To include drug addiction training module in child and adolescent psychiatry specialty trainings and rotation for Alcohol and Substance Addiction Treatment Centre (AMATEM).</p> <p>2.4 To ensure psychiatrists access to treatment of and approach to substance addiction distance learning module and to include them in AMATEM and Child and Adolescent Substance Addiction Treatment Centre (ÇEMATEM) rotation</p> <p>2.5 To make necessary adjustments to payment system and SOPs to encourage working in addiction treatment clinics.</p>		
3. To establish an outpatient substance addiction treatment centre.	3.1 To activate at least 5 centres by the end of 2015.	Ministry of Health	1. Ministry of Family and Social Policies
4. To assess the capacity available at AMATEM and ÇEMATEM and to strengthen the drug addiction treatment mechanisms	<p>4.1 To increase the number of AMATEM and ÇEMATEM centres revising the locations countrywide.</p> <p>4.2 To assess AMATEM and</p>	Ministry of Health	<p>1. Ministry of Family and Social Policies</p> <p>2. Ministry of Interior</p> <p>3. Ministry of Labour and Social Security</p>

National Anti-Drug Action Plan, 2015

	<p>ÇEMATEM centres for physical infrastructure, technical equipment and human resources; to fill the gaps and to provide consumables needed for treatment, personal protective equipment (clothes, personal hygiene materials, etc.) foods and aperitifs used as an award for treatment, materials for occupational therapy, and necessary resources for social activities.</p> <p>4.3 To ensure these centres are secured by law enforcement officers particularly narco teams.</p> <p>4.4 To refer patients received support from these centres to relevant agency/institution for social adaptation and to follow up with the progress</p>		<p>4. Turkish Green Crescent</p>
<p>5. To ensure standardization of emergency situations that would require intervention to drug addicts.</p>	<p>5.1 In service trainings for hospital emergency personnel and 112 ambulatory personnel intervening addicts in case of crisis will be provided together with professional associations.</p> <p>5.2 To activate Crisis Intervention Centres at Hospitals within anti-drug activities.</p>	<p>Ministry of Health</p>	<p>1. Associations of Medical Specialists 2. Turkish Green Crescent Society</p>

National Anti-Drug Action Plan, 2015

6. To ensure social adaptation of drug addicts after short term and long term treatment

<b>Aim:</b> To prevent <b>social exclusion of drug users</b> after treatment, to ensure social adaptation and to prevent relapse of drug addiction			
<b>Objectives:</b>			
1. To restructure social adaptation process with an integrated approach to prevent drug users retarting using drugs after short and long term treatment.			
<b>Strategies</b>	<b>Activities</b>	<b>Responsible Institution(s)</b>	<b>Institution(s) for cooperation</b>
1. To establish social adaptation process for drug users after short and long term treatment.	<p><b>1.1</b> To provide inpatient treatment at child support centres for social adaptation of children receiving short and long term treatment to separate them from children in need of protection.</p> <p><b>1.2</b> To increase the number of child support centres to meet the needs countrywide.</p> <p><b>1.3</b> To open new social service institution serving for social adaptation process of adults and children in need of protection.</p> <p><b>1.4</b> To provide day care services for social adaptation of adults and children not requiring protection after short and long term treatment.</p>	Ministry of Family and Social Policies	<p>1. Ministry of Health</p> <p>2. Ministry of Labour and Social Security</p> <p>3. Ministry of National Education</p> <p>4. Ministry of Youth and Sport</p> <p>5. Ministry of Justice</p> <p>6. Ministry of Development</p> <p>7. Ministry of Finance</p> <p>8. Turkish Green Crescent Society</p>
2. To provide physical spaces needed for strengthening social adaptation mechanisms.	<b>2.1</b> Physical spaces needed for social adaptation programmes can be provided from social facilities and training centres that are not in use by other public institutions.	Ministry of Family and Social Policies	<p>1. Ministry of Interior</p> <p>2. Ministry of Labour and Social Security (ISKUR)</p> <p>3. Ministry of Health</p> <p>4. Ministry of National Education</p> <p>5. Ministry of Youth and Sport</p> <p>6. Ministry of Justice</p>

National Anti-Drug Action Plan, 2015

			<ul style="list-style-type: none"> <li>7. Local Administrations</li> <li>8. Turkish Green Crescent Society</li> </ul>
<p>3. To ensure social adaptation (placement to school, job placement, etc.) of addicts at social adaptation period.</p>	<p><b>3.1</b> To develop programmes at central level needed for the social adaptation of addicts.</p> <p><b>3.2</b> To develop mechanisms for self-employment of addicts for their professions.</p>	<p>Ministry of Family and Social Policies</p>	<ul style="list-style-type: none"> <li>1. Ministry of Labour and Social Security (ISKUR)</li> <li>2. Ministry of Health</li> <li>3. Ministry of National Education</li> <li>4. Ministry of Youth and Sport</li> <li>5. Ministry of Justice</li> <li>6. Local Administration</li> <li>7. Turkish Green Crescent Society</li> </ul>

**7. Scientific Advisory Board for Anti-drug Activities**

<b>Aim:</b> To align anti-drug activities with scientific evidence			
<b>Objective:</b>			
1. To establish a Scientific Advisory Board composed of specialized people to identify communication strategies in combat against supply, demand and drug			
<b>Strategies</b>	<b>Activities</b>	<b>Responsible Institution(s)</b>	<b>Institution(s) for cooperation</b>
1. To establish Turkish Anti-Drug Scientific Advisory Board	<b>1.</b> To establish Turkish Anti-drug Scientific Advisory Board. <b>1.1.</b> To establish a commission for fight against Drug Supply <b>1.2.</b> To establish a commission for fight against drug demand <b>1.3.</b> To establish a communication commission to identify anti-drug communication strategies.	Ministry of Health	1. Universities 2. Ministry of Interior 3. Ministry of Family and Social Policies

**8. To establish Anti-drug Decision Support System**

<b>Aim:</b> To establish a dynamic system that would enable instant data flow and data sharing for anti-drug activities of relevant units, and activity planning in line with the available data			
<b>Objectives:</b>			
<ol style="list-style-type: none"> <li>1. To develop a model to the purpose and to strengthen the monitoring system</li> <li>2. To standardize data collected within the scope of anti-drug activities and to ensure compatibility with international data systems</li> </ol>			
<b>Strategies</b>	<b>Activities</b>	<b>Responsible Institution(s)</b>	<b>Institution(s) for cooperation</b>
<ol style="list-style-type: none"> <li>1. To establish an Anti-drug Decision Support System that would enable monitoring collected data, and assessing processes and outputs</li> </ol>	<ol style="list-style-type: none"> <li>1.1 To develop data collection algorithms for data collection units to be established under relevant Ministries or Institutions to establish a National Database.</li> <li>1.2 To improve existing Anti-drug Supply and Demand Early Warning Systems, and to integrate with the system.</li> <li>1.3 To enter results of national scientific researches to the system.</li> </ol>	Ministry of Interior	<ol style="list-style-type: none"> <li>1. All relevant organizations and institutions</li> </ol>

National Anti-Drug Action Plan, 2015

9. To strengthen Legislation for Anti-drug Activities

<b>Aim:</b> To make necessary legislative regulation arrangements for effective fight with drugs			
<b>Objectives:</b>			
1. To have up-to-date applicable changes on anti-drug legislation to strengthen deterrence of anti-drug activities			
<b>Strategies</b>	<b>Activities</b>	<b>Responsible Institution(s)</b>	<b>Institution(s) for cooperation</b>
1. To strengthen anti-drug legislation.	<p><b>1.1</b> To establish a system to keep records of drug users without stigmatization</p> <p><b>1.2</b> To regulate articles 135. and 140 of Code of Criminal Procedures requiring identification of communication, listening, recording and surveillance of suspects or accused people by technical means within anti-drug activities</p> <p><b>1.3</b> To make regulations to control the sale of marijuana</p>	Ministry of Justice	<p>1. Ministry of Interior</p> <p>2. Ministry of Health</p>
2. To develop necessary legislative regulations to ensure effective implementation of probation services	<b>2.1</b> To integrate probation services with treatment and social adaptation programmes	Ministry of Justice	<p>1. Ministry of Family and Social Policies</p> <p>2. Ministry of Health</p> <p>3. Ministry of Labour and Social Insurance</p> <p>4. Ministry of Youth and Sport</p>
3. To make necessary regulations for Generic Classifications	<b>3.1</b> To make necessary regulations to include new psychoactive drugs within the scope of banned substances	Ministry of Health	1. Ministry of Interior

National Anti-Drug Action Plan, 2015

**10. Coordination and Cooperation**

<b>Aim:</b> To ensure coordination among all relevant institutions by establishing a coordination mechanism strengthening cooperation for anri-drug activities supported by scientific evidence.			
<b>Objective:</b>			
<ol style="list-style-type: none"> <li>1. To identify interagency coordination unit</li> <li>2. To ensure active participation of local administrations and NGOs for the implementation of joint projects.</li> </ol>			
Strategies	Activities	Responsible Institution(s)	Institution(s) for cooperation
1. To develop an organizational structure responsible for the implementation of anti-drug action plan	<ol style="list-style-type: none"> <li>1.1 To organize six monthly meetings for anti-drug high council.</li> <li>1.2 To organize monthly meetings for anti-drug council</li> <li>1.3 To organize weekly meetings for anti-drug board</li> </ol>	Ministry of Health	<ol style="list-style-type: none"> <li>1. Ministry of Family and Social Policies</li> <li>2. Ministry of Interior</li> <li>3. Ministry of Youth and Sport</li> <li>4. Ministry of Justice</li> <li>5. Ministry of National Education</li> <li>6. Ministry of Labour and Social Security</li> <li>7. Ministry of Customs and Trade</li> </ol>
2. To increase the role of local administrations in anti-drug activities	<ol style="list-style-type: none"> <li>1.1 To organize annual anti-drug meeting with the participation of Deputy Governors and coordinators of provincial anti-drug focal points from all 81 provinces.</li> <li>1.2 To develop and pilot cooperation mechanisms for Green Crescent, relevant NGOs and municipalities.</li> <li>1.3 To review best practices from other countries and strengthen the role of Presidency of Religious Affairs in combat with drugs.</li> </ol>	Ministry of Interior	<ol style="list-style-type: none"> <li>1. Ministry of Health</li> <li>2. Ministry of National Education</li> <li>3. Ministry of Labour and Social Security</li> <li>4. Ministry of National Education</li> <li>5. Ministry of Justice</li> <li>6. Ministry of Local Administration</li> <li>7. Turkish Green Crescent Society</li> </ol>
3. To ensure coordination for the use of funds	2.1. To ensure integrated management of financial sources	Ministry of Health	<ol style="list-style-type: none"> <li>1. Ministry of Development, General Directorate of Social</li> </ol>

National Anti-Drug Action Plan, 2015

	and projects as part of anti-drug activities.		Sectors and Coordination 2. Ministry of Interior 3. Presidency of Associations Department 4. Ministry of Youth and Sport, General Directorate of Project and Coordination
