The EMCDDA recognises that the expertise of the aforementioned actors is crucial for the fulfilment of its tasks and that the quality of such expertise is inherently based upon prior and current academic and professional experience. These actors should therefore be able in principle to combine their tasks as EUPC Master Trainers with other positions or activities, public or private, unless it can be reasonably considered that the impartiality and objectivity of their assessments, opinions, recommendations, statements or decisions is or might be perceived as being influenced.

This declaration of interest shall not imply by itself the existence of any conflict of interest. Declaring an interest shall not necessarily mean having an actual or potential conflict of interest, nor shall it automatically disqualify a person from acting as an EUPC Master Trainer.
